Dear Mr. Vaswani:

The Georgia Environmental Protection Division (EPD) has reviewed the November 13, 2007 supplemental release notification that was submitted by GLE Associates, Inc. on behalf of Lachman G. (Cliff) Vaswani & Manju Vaswani for the above-referenced site and has listed the property on the Hazardous Site Inventory pursuant to Section 391-3-19-.05(1) of the Rules for Hazardous Site Response (available at [www.gaepd.org](http://www.gaepd.org)).

Enclosed is a document entitled "Introduction to the Hazardous Site Inventory" that explains how sites are listed. Also enclosed is a printout of the data EPD used in the Reportable Quantity Screening Method that resulted in this site being listed on the Hazardous Site Inventory.

Although EPD will eventually identify all persons who may be responsible for this site and ask them to investigate and clean it up, JNV Investments Group may proceed with those actions at any time.

If you have any questions or comments regarding this site, please contact Mr. Rajib Haq at 404/657-8600.

Sincerely,

Carol A. Couch, Ph.D.  
Director

RE: Release Notification  
El Maizal Tortilleria  
1092 Marietta Industrial Drive, Cobb County, Georgia

Dear Mrs. Rogers:

Pursuant to the Georgia Rules for Hazardous Site Response, specifically Rule 391-3-19-.05(1) "Listing on the Hazardous Site Inventory," the Georgia Environmental Protection Division (EPD) has evaluated the above referenced property to determine whether your property is part of a site where a release of a regulated substance exceeding a reportable quantity has occurred.

Based on the data provided in the September 19, 2007 release notification provided by El Maizal Tortilleria and Logic Environmental, EPD has determined your property has been affected by a release exceeding a reportable quantity and will be sub-listed as part of the AMREP, Inc. site (HSI # 10792) pursuant to Section 391-3-19-.05(1) of the Rules for Hazardous Site Response (available at [www.gaepd.org](http://www.gaepd.org)).

The responsible parties will need access to your property to determine the full extent of the contamination that is originating from their property. As long as you cooperate with the responsible parties to allow them access, and provided there are no sources on your property that are contributing to the observed contamination, EPD will not ask you to complete a compliance status report (CSR) or to complete a clean up at this time.

If you have any questions or comments regarding this site, please contact Abebi Stafford at 404/657-8600.

Sincerely,

Carol A. Couch, Ph.D.  
Director
