RE: Removal from Hazardous Site Inventory
Forstmann & Co., Inc. Site (Former), HSI # 10754
1700 Forstmann Rd., Louisville, Jefferson County, Georgia
Tax Parcel ID No. 0054 27 (Tract 1)

Dear Mr. Westberry,

The Georgia Environmental Protection Division (EPD) has reviewed the Compliance Status Report (CSR) dated March 30, 2009 for the above referenced site. Based on that review, I have determined the CSR is complete and concur with your certification of compliance that this site is in compliance with residential risk reduction standards. Therefore, I am designating this site as not needing further action and I am removing this site from the Hazardous Site Inventory in accordance with Section 391-3-19-.05(4)(b) of the Rules of Hazardous Site Response as of the date of this letter. If you intend to abandon the on-site monitoring wells, please comply with the requirements established in the Georgia Water Well Standards Act (O.C.G.A. § 12-5-120).

EPD's approval of the CSR extends only to those technical aspects of the document that expressly require EPD approval under applicable rules and statutes. This approval is not an endorsement by EPD that it accepts as conclusive any representations made in the document. Nor does EPD guarantee or warrant that the document is free of errors or omissions. EPD may later withdraw approval of this document, in whole or in part, if EPD determines that withdrawal is necessary to ensure compliance with the applicable rules and statutes.

As required by Section 391-3-19-.06(5)(f) of the Rules, a public notice announcing this determination will be published in the *News & Farmer* and *Augusta Chronicle*.

If you have any questions regarding this matter, please contact Jessica McCarron of the Hazardous Sites Response Program at (404) 657-8600.

Sincerely,

Mark Smith, Chief
Hazardous Waste Management Branch
